SEO	WordPress

SUMMARY

I am an experienced Web Developer with a strong passion for creating visually appealing and user-friendly websites. I am skilled in HTML, CSS, JavaScript, and ReactJS. I have experience collaborating with various teams to deliver high-quality websites. My expertise also includes responsive design and web development. I have practical experience in system administration and network management. Currently, I am expanding my knowledge in operating systems like Linux and Microsoft Windows, as well as Microsoft Hyper-V and VMWare. I am also familiarizing myself with tools such as Putty and Packet Tracer, and I have obtained certifications in these areas. Additionally, I am enthusiastic about System Development.

EXPERIENCE

NETWORK & INFRASTRUCTURE INTERNSHIP

DATA SCIENCES CORPORATION

JAN 2024 - Present

- Developed foundational knowledge in networking concepts and technologies.
- Learned about operating systems (Linux and Microsoft Windows).
